WHO ARE WE?

A little information about us

Multi-faith Chaplaincy at Concordia University exists within the academic community to nurture faith, spirituality and social responsibility, and to provide a pastoral presence, especially for students. Through ministries of service and presence, the chaplaincy team works to accomplish this mission in a variety of ways:

- We foster personal growth in areas of faith and spirituality;
- We work to foster experiences of community;
- We endeavour to make explicit the individual sense of the holy;
- We foster interfaith collaboration and offer opportunities for exchange and dialogue.

Chaplaincy works cooperatively within the university and in the community-at-large to support our students and the university community in their academic endeavours and their personal and spiritual journey.
